

# POWER TAB Xtra

**Retains the strength to kill and  
repel mosquitoes for up to 15 washes!**

## Warnings

- Handle tablet and sachet with care.
- Harmful if swallowed.
- Keep out of reach of children and animals.
- Very toxic to aquatic organisms.
- Store in a cool place, away from food and foodstuff.

## Precautions

- Wash and dry net before retreatment.
- Wear rubber gloves when handling product or dipping mosquito nets.
- Wash splashes from skin or eyes immediately with plenty of water.
- When using product or dipping nets do not eat, drink or smoke.
- Allow mosquito nets to thoroughly dry before use.
- Do not contaminate ponds or waterways with product.
- Prevent contamination of foodstuff, drinking water and eating utensils with product.
- Destroy or dispose of empty packaging and do not use for any other purpose.
- Do not wash treated nets or dispose of wash water in any waterways.

## Directions for Use

- Dilute tablet in water.
- Use one treatment kit per mosquito net.
- Use 500ml (**half-litre**) of water for treatment of mosquito nets (refer to pictogram).
- When used as directed, Power Tab Xtra is non-greasy, non-staining and will not render fabric inflammable.

| Fabric                 | Dilution  |
|------------------------|---|
| Polyester mosquito net | 1 tablet + 1 sachet binding agent / 0.5 litre water |
